True Headings provides AIS to worlds fastest sailing boat

True Heading AB (publ), listed at Swedish small cap exchange Aktietorget has been appointed to provide AIS for L'Hydroptère DCNS the worlds fastest sailing boat.

True Heading has been appointed to provide the AIS solution for the worlds fastest sailing boat. True Heading was picked as a supplier for our unique design and proven experience and trackrecord within AIS. The AIS CTRX CARBON + is also one of the lightest AIS units on the market making it an easy choice for a project aimed to set a word record.

L'Hydroptère DCNS is the fastest sailing boat of the world combines dream and high technology. This extraordinary sailing boat can fly over oceans at a very high speed combining the leading techniques of the aeronautical and marine industries. L'Hydroptère DCNS is a unique and innovative project, which conveys extremely strong human and technological values. <http://www.hydroptere.com>

True Heading AB (publ), listed at the equity marketplace Aktietorget, is a world leading company providing AIS solutions. AIS is a new technology and a safety equipment for navigation. It forms a natural part of the onboard system for navigation; in navigation, detection of other ships and during Search and Rescue (SAR) if an accident has occurred. In the near future it will be possible to rescue a man over board with AIS. True Heading is also proud distributor for COMNAV, FLIR, HEMISPHERE and VESPER MARINE products in Sweden.
